

April 5, 2011

Schedule of Events

(All times are Eastern Daylight Time)

10:00 – 10:30 – “Scroll” around and become familiar with the platform. Start gathering points to become eligible for a first or second generation iPad!

10:30 – 11:30 am ET (Auditorium)

The Cliff is Looming – The Business Imperative of Understanding Complex Financial Solutions to Sustainability Challenges: No one tool, ESCO's, or wind, or solar, will solve the magnitude of carbon reduction (and energy efficiency) challenges faced by many large (and not so large) institutions. How will schools meet these future challenges? By understanding the complexity of problems, and designing multi-faceted solutions.

Speakers: *Wendell Brase, Vice Chancellor, Administrative and Business Services, University of California – Irvine and Chair, University of California Climate Solutions Steering Group*

11:30 – 12:00 pm ET Moderated Chat (Networking Lounge)

Town Gown Collaborations *Hosted By: Peter Bardaglio, author and senior fellow, Second Nature*

12:00 – 2:30 pm ET Visit the Exhibit Hall!

1:00 – 1:30 pm ET Moderated Chat (Networking Lounge)

International Higher Education Initiatives for Sustainability *Hosted By: Ashka Naik, director of strategic initiatives, Second Nature*

2:30 – 3:30 pm ET (Auditorium)

The Chesapeake Project: Integrating Sustainability Across the Curriculum: The Chesapeake Project is a bold initiative to integrate sustainability across the curriculum of the University of Maryland. Central to the project is a two-day workshop where faculty learn about core concepts of sustainability and explore unique ways of integrating sustainability into their existing courses across all academic disciplines. Since the first workshop in 2009, fifty faculty have participated in the workshop and fifty-six courses ranging from Art History to Business Ethics have been revised to include sustainability.

Speakers: *Mark Stewart, Bruce James, Nancy Katz, Katie White, Psyche Williams-Forson, Ashley Worthington, University of Maryland*

3:30 – 4:00 pm ET Moderated Chat (Networking Lounge)

Working with Students *Hosted By: Carter Cox, student, University of South Carolina and John Kester, student, Northern Arizona University*

4:00 – 5:00 pm ET (Auditorium)

Student Panel - What's on Students' Minds?: Gain insight into the fresh ideas and renewed commitment to sustainability by hearing from student leaders

Speakers: *Carter Cox, University of South Carolina, Melissa Eddison, George Washington University and John Kester, Northern Arizona University*

April 5, 2011

Bonus Webcasts Available as Soon as You Log-in!

NACUBO will also grant you access to four previously recorded webcasts on relevant issues. Access these in the Resource Library:

- **Managing Risks and Opportunities under Coming Carbon Constraints** - Get the information you need on proposed legislation and what financing options within evolving carbon, tax and inventive regimes exist during this 90-minute session.
 - *Jim Thoma*, President, Green Campus Partners,
 - *Adrian Mills*, Practice Fellow, Financial Accounting Standards Board (FASB)
 - *William M. Ferretti*, Ph.D., Vice President, Chicago Climate Exchange
 - Moderator – *Larry Eisenberg*, Executive Director for Facilities Planning and Development Los Angeles Community College District
- **Building our Nation's Green Collar Workforce** - Higher education as a whole can be agents of change in this growing culture of environmental consciousness, and 2-year institutions are uniquely positioned to be leaders in the sustainability movement.
 - *Michael Mayher*, Vice President, Administrative Services and Treasurer, Lakeland Community College
 - *Mary Spilde*, President, Lane Community College
 - *Douglas Williams*, Vice President, Business Services, Des Moines Area Community College
 - Moderator: *Steve Hoiberg*, Siemens
- **Creating a Greenhouse Gas Inventory – What Does it Take?** - This informational webcast will explain the general principles of conducting a GHG inventory, while providing examples from two contrasting campuses that have used different methods.
 - Moderator: *Georges Dyer*, Senior Fellow, Second Nature and Partner, Greenland Enterprises
 - *Niles Barnes*, Project Coordinator, Association for the Advancement of Sustainability in Higher Education (AASHE)
 - *Jennifer Schroeder Andrews*, Campus Program Manager, Clean Air-Cool Planet (CA-CP)
 - *Fahmideh Ahmed* (UC Berkeley)
 - *Michael Womersley*, Director of Sustainability, Unity College
- **Commit to Change-Leading Your Campus Towards Climate Neutrality** - Is your institution one of the almost 500 that have signed the American College & University President's Climate Commitment? Join three CFO's and a facilities director to learn about the strategies they have employed to lead their campus team toward climate neutrality.
 - Moderator: *Anthony Cortese*, president Second Nature *Ed Poppel*, vice president, business affairs, University of Florida
 - *Larry Eisenberg*, executive director for facilities planning and development, Los Angeles Community College District
 - *F. Robert Huth*, executive vice president and treasurer, Middlebury College
 - *Sherry Mondou*, vice president for finance and administration, University of Puget Sound

Bonus Podcasts! Listen to these podcasts after the conference! Access these in the Auditorium and Resource Library:

Caring for Creation: Connecting Faith with Sustainability in Higher Education + The Campus Kitchens Project at Baylor University

Presented by: *Amanda Allen, Baylor University; Smith Getterman, Baylor University; Dave Thiel, Baylor University; Rosemary Townsend, Baylor University*

Really and Truly Comprehensive Sustainability: Integrated Strategic Planning for Academics, Operations, Finance, Capital Development and More

Presented by: *Bradshaw Hovey, State University of New York at Buffalo; Robert Shibley, State University of New York at Buffalo*

Tompkins Energy Conservation Corps: Town Gown Collaboration to Scale-Up Energy Efficiency Market

Presented by: *Peter Bardaglio, Second Nature; Dominic Frongillo, Cornell University; Shawn Lindabury, Cornell University*

Community Partnerships for a University-based Renewable Energy Biodigester

Presented By: *Mike Lizotte, University of Wisconsin Oshkosh; Thomas Sonnleitner, University of Wisconsin Oshkosh*

Campus/Community Partnerships: The Key to a Healthy, Just & Sustainable Society

Presented by: *Anthony Cortese, Second Nature*

4Rfuture: How Dominican University is Creating a Sustainability Plan through Partnerships and Community Outreach

Presented by: *Daniel Bulow, Dominican University*

Smart Energy, Smart School: How UMD Utilized Intelligent Energy Management to Reduce its Consumption and Save Millions

Presented by: *Robert Warner, Converge*

1st-in-world A-level Sustainability/GRI report at UMass Dartmouth – an MBA student experiential learning project - what you can learn from our experience

Presented by: *Adam Sulkowski, University of Massachusetts, Dartmouth*

Billion Dollar Green Challenge: Innovative Endowment Investing in Energy Efficiency

Presented by: *Jennifer Andrews, Clean Air-Cool Planet, Mark Orłowski, Sustainable Endowments Institute, Claire Roby, Clean Air-Cool Planet, Anne Stephenson, Unity College*

How Sustainability Creates Value and Underpins Broad Campus Outcomes

Presented by: *Dave Newport, University of Colorado at Boulder*
