Emergency Grants to Students

• All student who are/were enrolled on or after March 13, 2020, are eligible for grants from the HEERF
  • Regardless of whether they completed a FAFSA or are/were Title IV-eligible
  • Includes international and DACA students, among others
• Prioritize students with exceptional need; document process
• Uncashed grant checks
  • Redistribute to other students within HEERF grant performance period
  • Can’t use grants to recover stop-payment fees
• Again emphasizes: not taxable income; doesn’t count towards Expected Family Contribution

<tr>
<td>Since the grants are not considered income to students, they should not be reported on Forms 1099- MISC.</td>
</tr>
<tr>

<tr>
<td>New guidance clarifies that there is no special requirement to report student emergency grants on the 2021 Form 1098-T.</td>
</tr>
<tr>
<td>Institutions should report payments received for qualified tuition and related expenses—which may or may not be paid for with student emergency grants—as they normally would in Box 1 of the form. Emergency grants to students should not be reported in Box 5.</td>

New ARPA Guidance

New Required Use of Funds

- Mandated by legislation
  - “implement evidence-based practices to monitor and suppress coronavirus in accordance with public health guidelines”
  - “conduct direct outreach to financial aid applicants about the opportunity to receive a financial aid adjustment due to the recent unemployment of a family member or independent student, or other circumstances.”
- Guidance offers a lot of best practice advice, while providing some flexibility
- Documentation required for both (guidance specifies how)
- Use the Cost Principles in 200 CFR part 200 subpart E to guide their decisions on what constitutes a reasonable and necessary portion of HEERF grant funds to commit to implementing these two required grant activities.
