

SRU's PATH TO CLIMATE NEUTRALITY

Net Tons of GHG Emissions per Year
(35% reduction since base year while campus grew 35%)

Accountability Metrics: Providing affordable education by reducing operating costs while meeting our climate commitment goal:

Where we were (2005 base year)

- . Building Energy Efficiency: 190,925 Btu/GSF-Year
- . Energy Costs per Student: \$303/Student-year
- . Greenhouse Gas Emissions: 43,482 MTeCO2/year

Where we are (2018)

- . Building Energy Efficiency: 115,067 Btu/GSF-Year
- . Energy Costs per Student: \$376/Student-year
- . Greenhouse Gas Emissions: 28,266 MTeCO2/year

Where we're headed (Carbon Neutral by 2037)

- . Building Energy Efficiency: 60,000 Btu/GSF-Year
- . Energy Costs per Student: \$200/Student-year
- . Greenhouse Gas Emissions: 0 MTeCO2/year
