

# Business Case for Campus Efficiencies and Climate Change

**HOW MUCH WASTE AND RECYCLING PER STUDENT DOES YOUR CAMPUS PRODUCE?**

*What do your students, staff, legislators, board, and/or community expect from the campus in sustainability efforts?*

*When will water be the most expensive utility?*

**How many gallons of water a day per student do you use?**

**Where does your fuel source come from now?**

**WHERE WILL YOU GET YOUR ENERGY FROM IN 20 YEARS?**

*What is your carbon footprint?*

**How are you maximizing your campus space?**

## Sustainability Advisory Panel of NACUBO

SAP Mission: Established to strategically guide the association to help member institutions lead the way towards a more sustainable future.
